To our new TreeHouse Family,

Welcome! We are thrilled your family is joining TreeHouse! Your child is important to us. If you ever have questions or concerns, please reach out. The administrative staff is available by email, phone, text or Brightwheel. Your child's teachers are available in real time on Brightwheel. (Please understand that if they are busy teaching or it's after school hours, it may take a little bit of time for them to reply).

Attached you will find all of the necessary files for your child to be enrolled at TreeHouse. Please don't forget to include a CURRENT immunization record as this is required by the state for all children. You will also need a doctor's signature on the "Child Medical Examination Report" form.

The "Direct Payment Authorization Form" should be completed and returned as soon as possible. We use this form to process the annual registration fee as well as the bi-weekly tuition. All other paperwork in this folder will need to be completed and returned prior to your child's first day.

We look forward to your child growing with TreeHouse.

Thank you,
Mike Conners
